SIDE MOUNT TAILLIGHT/LICENSE PLATE BRACKET / STAINLESS STEEL

Here's a fine selection of simple, yet sturdy, axle-mount taillight and license plate brackets. Designed for either left side or right side mounting, these durable stainless creations are offered as a complete assembly for both license plate & taillight or license plate only. They're made for Softail-style or Rigid frames when running wheels with 3/4" rear axles.

**Right or Left
Side Mounting**

TAILLIGHT/LICENSE PLATE BRACKET

Recommended taillight is cat-eye style (not included).
