RIGID FRAMES / 1-1/4" TUBING

- * All DOM steel tubing, mandrel bent * TIG-MIG welded
- * Frames will accept Evolution motors (except Twin Cam), Shovelhead & Panhead engines with clearance for cylinders up to .200" taller than stock Evolution
- * Run a 5 or 6-speed Softail-type transmission in these frames

Frame shown is 4" stretch model

RIGID SPORTSTER FRAMES / 1-1/4" TUBING

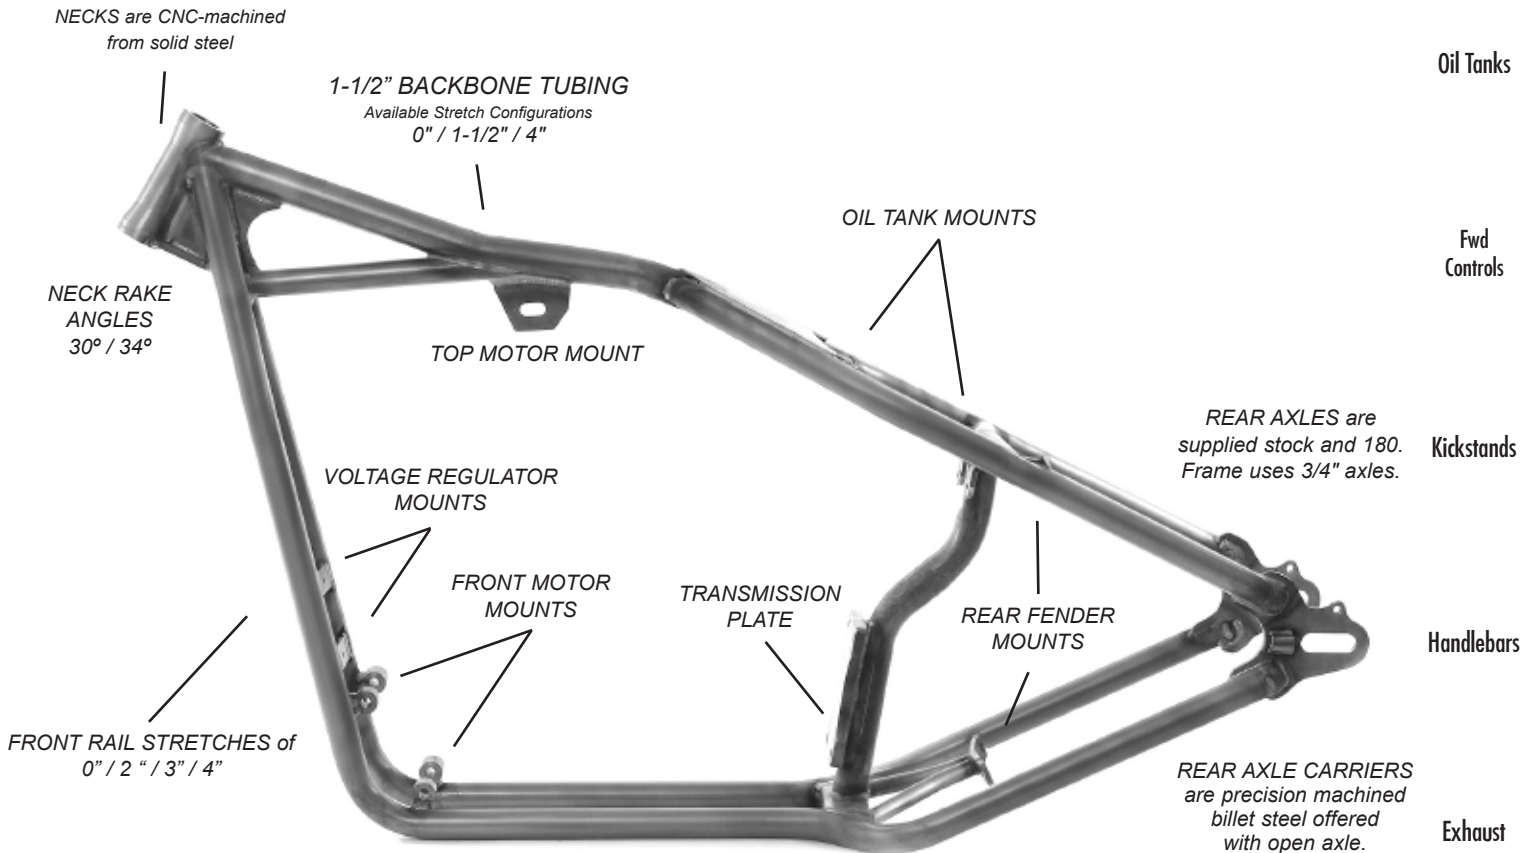

- * Feature 1-1/4" thick wall, DOM steel tubing with 1-1/2" backbones
- * All frames are TIG-MIG welded & will accept Sportster Engines(1986-2003)
- * Component Kits are included with purchase of frame... These kits are not sold separately
- * Standard frames accept a 130 tire with a conventional 1-1/8" belt drive assembly or chain, and 180 width frames can take a stock belt, or a 200-series tire when using a chain.
- * Frame is designed to use a 1/2" transmission off-set sprocket for proper balance.
- * Available with neck rakes of 30° and 34° and up-stretches of 0"/ 2"/ 3"/ and 4".
