CURVED DUAL DOWN TUBE SOFTTAIL-STYLE 1-1/4" TUBE FRAMES w/HIDDEN AXLE

This line of curved dual down tube frames demonstrates KRAFT/TECH's commitment to quality & affordability without compromise.

Swingarms

- * Frames for 300/330 tires, 1-1/2" backbone, 1-1/4" thereafter, all DOM steel tubing, mandrel bent
- * Frames come with 38 degree or 40 degree neck rake angles, with front leg stretches of 0" or -2"
- * Engineered with a super-strong upper frame design with integral neck webbing that offers unparalleled strength with pleasing aesthetics
- * Dual down tubes curve smoothly and flow continuously to become the lower frame rails
- * These Softtail-style beauties are delivered complete with billet hidden axle rear section

Fenders
Struts

- * Rear axle carriers are available in 2 styles: Dagger and Curved Dagger. Axle cover set included.
- * Component kit consists of our best quality pivot axle w/flush mount stainless pivot bolts and bearings
- * Integral one-piece trans mounting plate is part of the frame structure, assuring unit construction strength and the best possible alignment
- * Will accept our great-looking oil tanks, our one-piece round top fenders and gas tanks
- * Axles are 1" in diameter
